OUR HISTORY

2005
Founded in Jeddah, Kingdom of Saudi Arabia as a specialized general contracting and industrial services provider.

2008
Expanded our capabilities in mechanical services and industrial construction, delivering our first major projects across multiple sectors.

2012
Invested in advanced equipment and skilled workforce, strengthening our position in engineering and fabrication solutions.

2016
Grew our service portfolio to include integrated industrial solutions with a strong focus on safety, quality, and timely delivery.

2020
Achieved significant milestones in large-scale projects and built long-term partnerships with leading clients across Saudi Arabia.

2024 & BEYOND
Continuing our journey toward Vision 2030 by delivering innovative, sustainable, and high-quality industrial solutions for a stronger tomorrow.

ABOUT SHAHIN

Shahin is a premier general contracting and industrial solutions provider in Saudi Arabia. With years of experience, advanced technology, and a highly skilled team, we deliver reliable, safe, and cost-effective solutions that exceed client expectations. Our commitment to quality, integrity, and continuous improvement drives us to build lasting relationships and contribute to the growth of our nation.
